

QUIET BEFORE THE SWARM

PROLOGUE

It was a crisp summers afternoon Tyr was sitting in his chair thinking to himself all the things he has seen since starting as a recruit for the Void Knights but that day would soon come around again. See the last time the Void Knights fought the pests was about two years ago then they were told the was the end of it and that they could return home but they were wrong. Tyr had been married for about a year and a half now and had one child James he meet his wife Layla on his first Void Knight mission against the minor pests then they dated in there free time.

THE LETTER

That day Tyr received a letter saying

Dear Commodore Tyr

The Void Knights need your help again, a blockade of pests have invaded the island and we have lost a lot of men we need help we have sent your old gear in the mail it should arrive soon.

We also sent a small fund for the boat trip here because we made it harder to get thought to the island it 550 just to say that you are a Void Knight and that Void Knights pay extra as well

*Yours Sincerely
Commander Lucas*

Tyr was shocked he had to fight again after what happened last time versing a smasher his arm was almost ripped right off luckily thee smasher had been hit with a magic weaken spell he swore to himself he would never fight a smasher again. The next day the package arrived the void gear was pretty worn down, at the bottom was a book RECRUIT MANUAL “What” Tyr shouted then out of the book came a note

Sorry mixed up packages

There was no sender but must have been Lucas that sent it he never names his letters and I don't even know why he is part of the Void Knights

THE SWARM

The next day Tyr payed the 550 and traveled to the Void Knight Outpost it was about 12:32pm when he reached the place was destroyed there was human remains all over the place "well I was expecting a bigger welcoming party" Tyr said confused then when something walked out of the main hall "Tiffy" He said shocked then the figure dropped to the ground, He ran over to the body blood shot arrows. "HAHAHAHAHAHAHAHAHAHAHA" shouted a voice from a voice behind me in the fog then it got further and further away then behind me again was a pest a baby smasher "OH GOD" he said baby smashers are more dangerous than adult ones because they are a lot faster it was on his tail and then Tyr knew what he had to do he pulled out his black knife and maneuvered past the bulk and then he turned around and slashed him in the head direct blow to the skeletal part of his head and the brain he fell to the ground.

THE BOATHOUSE

The only place the survivors would hide He ran to the boathouse lifted the cover off and there they were Lucas, Dorge, Zanik and Mistag "HELLO" they all shouted at him they all got out and Lucas explained what they should do "ok we have to get to the ship avoiding all those pests theres a cellar just there" Lucas explained they clambered in a walk for what seemed like forever "were here" Lucas said they climbed up and then there was a dark figure looming outside "stop hiding" said a voice it was Void an exVoid Knight quit because nobody gave him attention so he quit and joined the dark side "Void how nice to see you" said lucas "shut up Lucas" said Void then Tyr stomach punched him and they all ran for the ship fire bolts were casted one after another from Void they shipped away and then finally they reached home.

THE SWARM APPROACHES

They reached home but they weren't focused on that they had to get to falador to see the white knights for help they reached the castle they got there and there was Sir Vant Sir Arkmec and the white knight association the swarm was fast approaching behind them "what my wife and child" said Tyr in shock he ran for his home and just rescued them just in time. He ran to falador and they all hid in the cellar hoping they would not find them. There was a bad stench in the room like a dragon and oil thats 6 weeks old the was a weird crack in the wall is well but that was the least of our worries we heard noises up above so we got ready for what was up there and suddenly there was another cracking noise and the wall opened up and there was a grey destroyed room with statues.

THE BANDOS THRONE ROOM

"What is this place" said Tyr confused at what it is "Its the Bandos Throne Room" said Lucas silently "They had to go in it was there only chance for survival" said Tyr Then they all clambered and the wall snapped shut behind then "HAHAHAHAHAHAHAHAHAHAHA" said a voice "Welcome to my domain" said the voice again "MY NAME IS BANDORA" said the voice "LEADER OF THE BANDOS" said bandora shouting "THE H.A.M ARE INVADING THE DORGESHUUN" said bandora again but first you must defeat me, first out of the darkness appeared a tall figure wearing bandos "HAHA good luck" he said "Tyr you have to fight him" "ok" said Tyr Tyr summoned his Void armor and the deadly yellow abyssal whip.

THE ABYSSAL AND THE GEM

The fight began strike after strike there was defiantly going to be a victor because they were locked in combat but 25 minutes later it ended and bandoras corpse lay on the the floor then letters flew out of his body

You think you may have defeated me but I'm not the threat the dorgeshuun are dieing and there is nothing you can do the cracks of the abyssal are opening and the end is near there is no clear way of winning the only way is to defeat the blessed void he is blessed by the lord zamarok and he is never been defeat....

The words disappeared after he read them and they had to do something about the H.A.M attacking the dorgeshuun “these cracks are leading all around the world we just have to find the dorgeshuun portal” said Lucas “THERE” shouted Mistag, they all clambered into the portal it was then they appeared in a place the was destroyed and there was corpses on the ground then there was a red crack in the wall “thats the abyssal” said Zanik “h..e...l....p..” said a weak voice from the next building to them “Oldak” shouted Zanik “Z...a...n...i...k” he said weakly “he’s gone” said Zanik sadly....

A VOID DANCE

There trapped theres no where to go and no where to hide the abyssal is opening and demons are flooding out theres no hope of survival but when a small rescue party finds out whats happening they the only ones who can do something will the knights find Tyr and his friends in time or will they die.
